## hope

We hope to inspire many happy smiles because for us they are the greatest treasure! We wish to be a bridge between kids, adults and the world.

We want to give kids a little bit of inspiration to embark on new adventures. We want to excite their imaginations so that they can discover for themselves the joy of playtime.

We see kids as the world's little artists, so creative and full of joy! Through different games and activities, we want to learn with them and about them. May gg\* toys take you on an incredible journey of discovery. Have a great fun!

kiko+ and gg\* neon signs are now on display in the main window of our concept shop, "Kukkia 101". We also changed up the display for the winter. We are excited to welcome you all!
