Kiko+'s new items for 2017 are...

machi New York

The third town to feature in our world mini town series is the city that never sleeps- New York, New York... the popular play set where you can be the mayor and build your own town. The world famous Empire State Building, Times Square- where tourists from all over the world gather, the Statue of Liberty, the Brooklyn Bridge, a "The BIG Apple" Tree, a famous Yellow cab and a stretch limousine are all in the set.

How about drawing a chalk street on the base plate, then taking a stretch limousine or hailing a cab to tour the famous New York City sites? Play with the "BIG APPLE" Tree by trying to get the apple onto the trunk. Encourage your kids to explore their adventurous side with our mini town series....

tower bridge

From the popular kiko + machi mini town series, (London version).

A new piece to add to your expanding city collection.

Tower bridge is a well loved London landmark! Everyone knows London and the River Thames. This famous bridge opens up to let big boats pass through. You can draw a road on the base plate of your London machi set (not included), and drive back and fourth over the bridge in your car until a boat sails along: "Ship coming through! Open the bridge!" So much fun to enjoy opening and closing the bridge!

Explore the World with our machi mini town series.

When are you coming to visit London?

ditto

Ditto is a creative toy that cultivates the ability to think! We wanted to convey a child's perspective by using mirrors. As each child has their own special personality, the vision that comes into play with each little one is different. There is no correct answer. Try to see what angle you can fill it to see something different.

Ditto is also a communication tool for the whole family. It is an ice-breaker amongst friends too, everyone can enjoy discovering new ways to use the blocks.
